

WORKING STUDENT

F/M/D

MERGERS & ACQUISITIONS / PROJECT RESEARCH

OUR OFFER

You will work for us on a flexible basis for around 15 hours per week and support us during this time, particularly in deal sourcing and transaction processes. Depending on your skills, you will increasingly take on independent sub-projects and responsibility for your area of activity. This will enable you to gain significant professional experience in the private equity industry. You will be part of a motivated team. You will be given varied tasks, which you will work on flexibly at our Düsseldorf location.

In 2016, we founded the Navigator Group as an investment holding company under the management of Navigator Capital GmbH. We specialise in companies with increased management needs. This includes, in particular, the acquisition of medium-sized companies with operational improvement potential as well as parts of the company that do not belong to the seller's core business and succession arrangements. The need for structural adjustment is usually a common feature.

Our team of experienced transaction, financing and restructuring experts develops customised transaction structures and continuation concepts. In this way, we address the needs and fears of the seller side and work strongly towards increasing the operational success of our portfolio companies.

YOUR TASKS

- Research and analysis of relevant target companies and industries
- Supporting company and market research
- Compilation and analysis of financial data, company valuations and budgets
- Development of presentations
- General administrative tasks

YOUR PROFILE

- Commitment
- Flexibility
- Communication skills
- Humor
- Experience in the Investment industry / Private Equity/ M&A is a plus

OUR REQUEST

Please contact us if you feel that you have been addressed.

We look forward to receiving your application: hr@navigator-group.eu

It should include a description of your contribution (value) and your expectations and should be complemented by a current résumé.
